JEWETT

Rev. McMullin, a missionary from
Siam, gave us a good lecture Thurs-
day afternoon and night with a num-
ber of interesting things to show.

School closed here Friday with
three graduates from the 8th grade.
There names are: Cleatie Knox, Eliza
Sherrill and Major Burnett.

Lee Sherrill, of Burke was visiting
here Sunday.

Gladys Davenport and Nellie Bris-
low spent Friday night with Josie
Sherrill.

Monday morning as Waverly
Roberts was going to his work some-
body shot him with about No. 4 shot.
About fifty shot entered his body. It
is not known who did the shooting as
he was hid near the road. Mr.
Roberts is slowly recovering.

Charley Sherrill, of Crab Orchard,
was in this vicinity Tuesday.

VALUE OF LIFE

The courts of Texas have fixed
\$40,000 as the value of the life of a
locomotive fireman and a switchman
at \$22,500. The United States supreme
court has refused to review the find-
ing, which means it will stand.

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly
Recommended by a Tennessee
Grocer for Troubles Re-
sulting from Torpid
Liver.

East Nashville, Tenn.—The effec-
tency of Thedford's Black-Draught, the
genuine, herb, liver medicine, is
vouched for by Mr. W. N. Parsons, a
grocer of this city. "It is without
doubt the best liver medicine, and I
don't believe I could get along without
it. I take it for sour stomach, head-
ache, bad liver, indigestion, and all
other troubles that are the result of
a torpid liver.

"I have known and used it for years,
and can and do highly recommend it
to every one. I won't go to bed with-
out it in the house. It will do all it
claims to do. I can't say enough for
it."

Many other men and women through-
out the country have found Black-
Draught just as Mr. Parsons describes
—valuable in regulating the liver to
its normal functions, and in cleansing
the bowels of impurities.

Thedford's Black-Draught liver medi-
cine is the original and only genuine.
Accept no imitations or substitutes.
Always ask for Thedford's. R. 20

THE PENNSYLVANIA'S CUT.

A sweeping reduction of wages or
salary for every man on the payrolls,
from president all along the line, is
the heroic way the great Pennsyl-
vania Railroad, with 215,000 employ-
ees, proposes to get itself down to
normal and do its part in getting the
country down to normal.

The New York Central Railroad is
about to announce, by similar read-
justments within its offices, its con-
currence in the wisdom and necessity
of the very positive measures adopted
by the Pennsylvania.

And we are informed that within
the next two weeks virtually every
railroad system in the United States
will be engaged in negotiations with
their employees seeking to prove to
those who find it difficult to agree
that organized and unorganized labor
must co-operate with their employers
in the stern necessity of returning at
once to normal economics.

Twenty thousand men have gone off
the Pennsylvania's payrolls, main-
tenance of way and equipment have
been drastically curtailed, organiza-
tions have been consolidated and all
new work has been abandoned, but
still it takes nearly all the earnings
to pay merely the operating expenses.
And of all the operating expenses the
major part is wages.

As the railroads have been head-
ing recently, 90 cents out of every
dollar taken in by many of them
goes into operating expenses, leaving
only 10 cents to pay interest and to
provide extensions, betterments and
futures, not to speak of return on the
capital investment. On any such basis
as that the railroads cannot stand, the
industry and business of the country
cannot stand. So the Pennsylvania
goes manfully, honestly and patriotically
to the duty of meeting this cru-
cial situation with a cut from top to
bottom which will put that great trans-
portation agency in its own interest
and in the interest of the nation back
on a safe, solid foundation.

What the Pennsylvania Railroad
proposes for itself is all the rest of
the country needs to do to make this
country again busy, prosperous and
sound.—New York Herald.

About the only difference we notice
between the old postage stamps and
the new Pilgrim ones is that the
latter require about 40 per cent more
spit.—Eaton (Colo.) Herald.
